*Phone (808) 871-0772 ~ Fax (808) 871-1172 ~ [www.SCBRI.com](http://www.SCBRI.com)*

## **Structural Concrete Bonding & Restoration is Experienced**

Structural Concrete Bonding & Restoration, Inc. (SCB&R), founded in 1984, contracts on structural repair, strengthening, waterproofing, protection, railing, curbs and decking projects in the resort, commercial, industrial, residential areas.

Our 25 years of experience has earned us a reputation for providing clients with the highest quality services available. We have expertise in the highly specialized techniques used on structural repair, strengthening, stabilization, waterproofing and protection.

## **Problem Solving Specialists**

Since repair work is often done while buildings are occupied, our methods are tailored to insure ongoing facility operation. Our project management and field personnel carefully plan each project, addressing details of scheduling, hours of operation, safety considerations, traffic control, noise, and dust control. Our stringent technical guidelines and quality standards for field procedures along with our specialty equipment and repair experience, insure quality and satisfaction with every Structural Concrete Bonding & Restoration, Inc. project.
